Plan a local dialogue

Gather opinion-shapers in your community together to discuss the themes raised in the Maryknoll reflection guide in light of Catholic social teaching and one's civic responsibility to vote.

Use Maryknoll Sunday reading reflections

[Sunday reading reflections](#) written by over 50 Maryknoll sisters, brothers, priests, lay missionaries, former missionaries and staff, are great resources to use as homily starters or simply as reading reflections that highlight the international impact of U.S. policy decisions. The reflections are posted one month in advance for Sundays and Holy Days from March 30, 2008 until Inauguration Day, January 20, 2009. Find them at:
